

DRAFT
7-29-10

Draft Outline for Re-Powering the Flathead Fall 2010 Community Programs

Fall community programs on topics relevant to the purpose and content of Comprehensive Energy Plan. (Target audience for this series to include more decision makers and business leaders rather than only public at large)

- **September 23---Why the Flathead Economy Needs an Energy Plan---**
Potential guest speaker—Julia Haggerty, Headwaters Economics, Helena Mayor, and power-point overview of what we know from White-Papers about energy opportunities and challenges in the Flathead
- **October 21---Energy Efficiency, Policies that Can Lead to Economic Growth**
- **November 18---Local Energy Production, Policies that Can Lead to Greater Energy Self-sufficiency for the Flathead**
- **January 20---Planning for Energy Efficiency, Land Use and Transportation Policies that Conserve Energy and Save Tax Dollars**
- **February---Public Places and Energy Efficiency**
- **March---Measuring Progress, Green Jobs and Tax Savings**
- **April---Overview of Draft Plan**
